

# Declaration of Decontamination

Devices and components will be repaired, maintained and/or disposed of only if accompanied by a correctly and completely filled out Declaration of Contamination. If such a declaration is not present, the consignment may be rejected and work may be delayed. A declaration must be provided for each device. This declaration may only be filled out and signed by an authorised member of staff of the operator.

1. Transaction numbers		
1.a UNI order no. :		
1.b Customer transaction no. :		
1.c Reason for / purpose of the return:		
2. Information about the product		Quantity
2.a Type designation		
2.b. Production / serial number:		

We hereby confirm that we have completed this Declaration of Decontamination completely and truthfully. The returned parts have been carefully cleaned and are free of residues in amounts that might constitute a hazard. The consignment complies with current legal requirements. We (as the responsible customer) will bear any costs resulting from non-conformities. The product is free from substances hazardous to health.

We hereby affirm that the item(s) has/have been thoroughly and completely cleaned. In the event that the item(s) has/have been exposed to hazardous materials/substances or toxic materials/substances, we hereby affirm that the undersigned below has ensured that these substances and any potential contamination (on the returned item(s)) have been thoroughly and completely neutralised. I further acknowledge that this certificate does not constitute a waiver of our obligation to provide a decontaminated product to UNI Geräte E. Mangelmann Elektrotechnische Fabrik GmbH for repair. Failure to comply with this regulation may result in claims for compensation.

The returned parts may still, however, contain residual amounts of hazardous substances. The consignment is therefore declared an LQ (Limited Quantity) shipment.
